

25 June 2018

CHANGE OF COMPANY NAME

Following shareholder approval gained at the recent Annual General Meeting, Moly Mines Ltd is pleased to advise the Company's name has changed to **Young Australian Mines Ltd**. This name reflects the Company's acquisition of Queensland Mining Corporation Ltd and the White Range project and the move to becoming a significant copper producer.

The Company's contact numbers and address remain the same. A new website will be launched shortly by the Company (www.yamines.com.au). A redirect from the old website (www.molymines.com) will be in place once the new website is functional.
